#### SEEN AT LOURDES.

#### What M. Huysmans Describes as Combination of Hospital and Fair.

Paris, August 15.

M. Huysmans, that eccentric, impassioned ariter, whose compositions, always imbued with vigorous individuality, seem to be seasoned with sashes of the weird imagination of a Poe, with a pinch of Walt Whitman and with a sprinkling of Zola, is putting the finishing touches to a work on Lourdes. The author of "La Bas," of "En Rebouts," of "En Route" and of "La cathedrale," who has been interviewd by M. papel Aubry, of "The Temps," gives a characterstie foreword concerning the priests, pilgrims, pictists and pilferers who frequent the miracu-"I am not writing a novel in the ourse of which imaginary persons are conjutted to Lourdes, but am completing a series of critical studies, showing that Lourdes is a port of gigantic St. Antoine Hospital in the midst of a kind of rough and tumble Neuilly tair," says M. Huysmans. "Now and then there are truly miraculous cures at Lourdes; this I armly believe. But the most striking miracle of all is, to my mind, the fact that the multimides that come to the place defy with impunity he laws not only of medical science, but of or finary hygiene. I have made three long visits to Lourdes, and I constantly saw men reeking with sweat plunging after mealtime in almost re cold water; I saw children so ill as to be scarcely able to draw their breath dipped into be chilly pool: I saw delicate women, regardless of the critical condition of their health, immerse hemselves up to their chins in the frigid water None of these men, women or children appear to suffer the logical consequences of their acts saw good, pious, hard working Sisters of Mercy and honest, noble minded priests, but flocking Tennessee Company Will Open t-out them, like harpies or birds of prey, were rile vendors of trumpery crosses and trash, which they disposed of at exorbitant prices to confiding pilgrims. I saw hanging in the grotto thousands of discarded crutches, canes, ear rumpets and leading strings that had served for the lame, the infirm, the deaf or the blind, out I failed to see anywhere a single wooder eg. One wooden leg would have been more loquent than all these semi-doubtful relics. The Peres de Lourdes are worthy, hard working and conscientious. I sympathize with them, for they defend the last ramparts of the dignity of this huge religious, popular fair. Emile Zola was a 'brave homme,' but he collected his iats concerning Lourdes too hastily. Zola was he victim of one of his influential friends, who excited him against the Lourdes Fathers, because his trusted adviser had a secret ambition of beng able to induce the government of the republic to expel the fathers and priests, and, when his element was once eliminated, to transform ourdes into a sort of stock company, aboundbg in palace hotels, clubs, casinos, with baccarat and petits chevaux; sheds and garages for automobiles, and with American bars dispensing Manhattan cocktails, whiskeys and sodas and other drinks, while bands of redcoated fiddlers played macabre polkas or harrowing cake

"No!" continued M. Huysmans, "the Fathers of Lourdes are doing a noble, humanitarian work, and Zola was unjustly prejudiced against them. The health regulations at Lourdes are abomintible. Cosmopolitan crowds of infirm wretches blyound in the open air, uncork their bottles of your wine, devour cold yeal, sausages, hard poiled eggs, sardines and horse meat, while rreasy newspapers, broken bottles and bits of outrid victuals strew the ground. The Holy Virgin of Lourdes is certainly a downright good searted woman to continue to accomplish these piracles under such revolting circumstances and smid the mob of repulsive pilgrims, faithful unflerers, halfwitted, crackbrained invalids, rapacious, shamefaced swindlers and adventurses, such as one finds at public fairs or suburban racetracks." C. I. B.

#### ONE KILLED IN P. R. R. WRECK.

#### Excursion Train Crashes Into Freight in Yards at Logansport.

Logansport, Ind., Aug. 28.-One man was tilled, another fatally injured and a number of passengers seriously hurt in a collision on the Pennsylvania Rajiroad in the south yards, about three miles from this city, early to-day. Firehan Walter Eversole, of Richmond, is dead, sinioned beneath his engine. Engineer Grady was thrown beneath his engine and both legs were severed. He cannot recover.

The wrecked train was an excursion. As it entered the south yards at a high rate of speed, s freight train, southbound, was just leaving the main track and the excursion train crashed nto it. There were ten cars on the excursion lrain, four of which left the track.

The passenger engine was overturned. The taggage car and smoker were splintered. The third and fourth coaches were knocked from

the trucks, but did not overturn. The other coaches did not leave the track. Two special trains, carrying physicians and officials of the road, were hurried to the scene of the wreck and the injured were quickly

brought to this city. There were about forty passengers on the train and all suffered to some The local Pennsylvania officials are unable to account for the freight train being on the main

#### STORM HARASSES SCHOONER.

#### Three Master Loses Deck Load and Rigging in Gale.

Norfolk, Va., Aug. 28.-The three masted schooner, Henry P. Havens, Captain Walton, of Newark, N. J., which sailed from this port last week, with a cargo of lumber for New-York, seturned to port to-day in distress. The vessel encountered the northeast gale off the coast on Friday night, losing her deck load and having both her foresail and mainsail carried away in the storm. She will repair here and make a new

#### COTTAGES BURNED IN MAINE WOODS.

#### Widespread Forest Fires Cannot be Checked Till Rain Falls.

Houlton, Me., Aug. 28,-Forest fires continue to burn in parts of Aroostook and Piscataquis counties, and will not diminish until there has been a heavy fall of rain. The one doing the most damage is in the woods around the southwestern portion of Drews Lake, in New-Limerick, extending into Oakland. Unless rain falls within twenty-four hours the fire is expected to reach what is known as the "Letter A Woods." Last night the cottages of Dr. Innis and Frank L. Dyer, of Esterbrook, and the Ingraham cottages, along the south shore of the lake, were burned. The loss was not heavy on these, as most of the furnishings were removed yesterday. Houlton and nearby towns are enveloped with smoke, and have been for several days.

Fires are burning in swamps for many miles around Fort Fairfield. At present large fires are burning in the western part of Limestone and near Fort Fairfield village, but they are not spreading much. The dry, black swamp soil

#### SWISS TARIFF RATES.

#### The United States to Enjoy the Same Favors as Germany.

[From The Tribune Bureau.] Washington, Aug. 28.—It is a rare day that falls to produce some cause for American complacency over the new German dual tariff, which contains so many schedules admittedly designed to affect United States exports after March 1 next. This time it is a report from Consul General Guenther, at Frankfort, Germany, to the Department of State, which says:

The Swiss Diet has decided to allow, from January I, 1996, goods from the United States to entry upder the rates of the Swiss treaty tariff. Hitherto many of the products of the United States were only admitted upon paying the customs rates of the Swiss general tariff, which rates were much higher. This new departure secures to United States products the most favored matten clause. The action was no doubt induced by the conviction that the loss of the United States market for Swiss, manufacturers could not be made up and would injuriously affect Switzerland's economic life.

The significant point of this action is that Switzerland is one of the seven immediate neighbors of he German Empire that by special treaty is to have the advantage of the minimum or conventional rates and the new dual tariff on imports into Germany, the latter country in return receiving the most favored treatment of sending German products across the Swiss border on payment of the minimum or treaty tariff schedules of the Alpine Republic, where they will compete with American products admitted upon exactly the same favored nation rates, for which Germany is granting sreat concessions, while the United States grants none. Tariff experts in the Treasury Department at Washington think that the considerations of "Switzerland's economic life," which, according to Consul General Guenther, have induced this concession to the United States by Switzer and are allke applicable to Germany's own economic life, and they are confident that this fact will be speedlly demonstrated when the German tariff becomes effective next spring. have the advantage of the minimum or conven-

#### FEAR RIOTS AT MINES.

## Works, However.

Nashville, Tenn., Aug. 28.—The Tennessee Consolidated Coal and Iron Company, whose mines have been closed for a considerable time because of the strike of United Mine Workers, has announced that the mines would be reopened tomorrow with non-union labor. The company says the attitude of the union men gives ground for fear that violence may follow this action.

Governor Cox reached Tracy City to-day and made two addresses, one at night being to the miners exclusively. He told them any attempt at lawlessness would be promptly punished, but that he would remain on the scene as long as necessary and see that their rights would be fully respected His speech received the strict attention of the

Six companies of the 3d Tennessee Regiment arrived here at 10 o'clock this morning, and though there was an immense crowd present from the sur-rounding country the reception of the troops was not unfriendly. Everything is quiet there.
A Knoxville dispatch says:

J. 8. McCracken, secretary of District No. 19, which includes Tracy City, is back from the scene of the reported trouble, and criticised Governor Cox for calling out the troops. He said that recently the Consolidated Coal Company leased to J. B. Rust and Dick Henley, who were killed, and John McGovern, who was injured, an old mine, and they had a dispute with certain persons, who also wanted the mine. This brought about the shooting, he says, and the union and non-union miners had nothing to do with it.

#### NEGRO LAWYER TO AID MRS. YOUNG.

#### Will Interest Governor of Minnesota in Behalf of Woman Shooter.

J. Frank Wheaton, an attorney of No. 239 West 53d-st., visited Mrs. Beatrice Young, the woman who shot Catherine Morgan, the Hotel Imperial stenographer, on the 19th inst., in Jefferson Market prison yesterday. After the interview Mr. Wheaton stated that Governor John A. Johnson of Minnesota would probably be asked to intercede for the prisoner. Mr. Wheaton is the colored lawyer who was

sent to the Assembly of the State of Minnesota in 1899-1900. John A. Johnson was also a member of that Assembly. Prior to her marriage Mrs. Young was stenographer to the Judiclary Committee of the Assembly. John A. Johnson is now Governor of Minnesota, and it was said yesterday that he would do all in his power to aid the popular stenographer, who was then

It was through the efforts of Messrs. Johnson and Wheaton that Miss Morse secured her posi-tion in the State Capitol of Minnesota. The case will come up for hearing this afternoon before Magistrate Steinert.

#### FIRE ENGINES FOR NORTH SHORE.

#### W. K. Vanderbilt, Jr., Gives One-Other Rich Men Follow Suit.

Some time ago William K. Vanderblit, jr., presented to the Thomaston, L. I., Fire Department a steamer, which is one of the finest among the fire companies of the north shore, Mr. Vanderbilt's present has attracted the attention of several of the wealthy residents of Great Neck to the needs of their local fire companies.

Chief Egbert LeCluse of the Great Neck Fire Department has just received assurances from this coterie of wealthy residents that they are willing to provide the money necessary to purchase a steamer equally as good as the one Mr. Vanderbilt bought, and that they would present it to the Alert Fire Company, of Great Neck, with their compliments. The Alert company has felt the need of a steamer for some time, and a fair was recently held to get funds. Only about two-thirds of the needed amount was Only about two-thirds of the needed amount was

#### FIRE SERVICE FOR ROCKAWAY.

#### Regular Paid Department Will Replace Volunteers September 1.

A regular paid fire department service, to replace the volunteer companies at present in the three resorts, will be established in Rockaway Beach, Far Rockaway and Arverne September 1, according to an announcement made vesterday by Deputy Fire Commissioner Churchill. Five regular companies. four engines and one hook and ladder truck will replace the fourteen volunteer companies. These five companies, however, are only a beginning of he service which will eventually be established

Battalion Chief George F. Ross, who has lately been in charge of the 1st Battalion, with headquarters at Fulton and Church sts., has been ap-pointed to take command of the new department. The old quarters of five of the volunter companies have been bought or leased by the city for housing the new companies.

The firemen making up the new companies will be taken from regular companies in Brooklyn and Manhattan. About seventy men will be required to begin the regular service in the Rockaways.

The local fire alarm system, with towers and bells, will soon be replaced with a modern fire alarm telegraph service, connecting with the Brooklyn Fire Headquarters.

The institution of the paid fire department service in the Brough of Richmond will follow the extension of the regular service in the Rockaways, going into effect October 1. firemen making up the new companies will

#### NEW-YORK CITY CORPORATIONS.

Albany, Aug. 28.—These stock companies were incorporated to-day:

Current Habilities

### SIX MEN BURIED ALIVE.

#### COLLAPSE KILLS ONE.

#### Balcony of Knickerbocker Athletic Club Falls on Workmen.

Six men were buried under steel girders and debris in the old Knickerbocker Athletic Club building at the southeast corner of Madisonave. and 45th-st. yesterday afternoon. A section of a balcony about a dozen feet above the second floor collapsed when the workmen were holsting it into piace. Two steel beams, with the mortar work, fell, burying the men. The building is being remodelled for the Tiffany studies, and it was expected that they would be able to occupy it by September 1.

The foreman of the gang, James Kiernan, of No. 1.649 1st-ave., was arrested, charged until an investigation is completed with being a suspicious person. He was cut about the head, but not seriously. A man supposed to be Thomas moved to Flower Hospital, phere he died at 7

Two ambulances were summoned from Flower Hospital and one from Bellevue. Reserves from the East 51st-st., East 85th-st. and the Grand Central stations, firemen of truck No. 2, under Deputy Chief Langford, of the 2d district, and Battalion Chief Gray, of the 16th Battalion, worked over the ruins, taking men out.

The injured, so far as the police have been able to learn, are:

MARESO, Frank ironworker, twenty-seven years old, of 52d-st., Brooklyn; bruises on back and serious internal injuries; to Flower Hospital

M'LOUGHLIN, William, thirty-five years old, of No. 452 7th-ave.; back bruised; internal injuries; Lo Flower

WINKLER, Anthony, ironworker, forty-two years old, of No. 224 East 18th-at; bruises about body and leg; to Flower Hospital.

The work was under contract to T. P. Gallagher & Co., of No. 338 East 17th-st. The section of the balcony which fell was about thirty feet in length and twelve in width. One end was being lifted by hydraulic jacks and tackle to bring it to a level with the end which had been set into the wall when the entire section fell. It was some time before the cloud of dust subsided sufficiently to permit the workmen and the firemen to get to the assistance of the buried workmen, who screamed for help.

Inspector Bucknall, of the Department of Buildings, was on the scene. He and Battalion Chief Gray said last night that the collapse was caused by improper shoring. The emergency corps of the Building Department under Thomas J. Dunn worked over the debris until 7 o'clock, and then decided that all of the injured men had been taken out.

The opening of the studios will be delayed several weeks at least by the accident.

Isaac A. Hopper, Superintendent of Buildings said last night that he had no official knowledge of the accident.

#### CRASH AS 250 TON BLOCK FALLS.

#### Caisson No. 13 Worked Unevenly-Boy Saves Himself by Quick Work.

Three men were slightly injured and two or three others had narrow escapes yesterday when caisson No. 13, at work at Rector, Greenwich and Trinity Place, toppled over, allowing a 250 ton block of concrete to fall into the ex-

The Foundation Company is at work in this excavation, sinking a caisson for the new twenty-story building of the United States Express Company. On the caisson was the block of concrete, 43 feet by 5, and 25 feet in height. With the exception of a two and one-half foot hole in the centre, it is solid. The hole is used by men working in the calsson, and through it the air pumps are worked.

In sinking the calsson one end of it came into contact with an unknown old wall, and this end did not sink. As the other end did sink the caisson began to topple, and finally turned unevenly, sufficiently to overturn the block of concrete. There was a young boy, name unknown, on top of the concrete, to watch the air lock. He did not jump, but "shinnled" down into the hole, and as the concrete toppled over he went with it, and escaped injury.

The concrete in falling struck planks and shorings, and there was a loud crash. An ambulance call was sent in, and three men were

#### ound to be slightly injured. MASSACHUSETTS SOCIALIST TICKET.

#### Light Vote Last Year Disqualified Party-Little Interest in Convention.

Boston, Aug 28.-Ex-State Representative James F. Carey, of Haverhill, was nominated for Governor to-day at the Socialist State Convention. Patrick F. Mahoney, of Boston, was placed in nomination for Lieutenant Governor C. C. Hitchcock, of Ware, for Secretary of State, Ambrose Miles, of Lynn, for Auditor, and John Weaver Sherman, of Boston, for Attorney Gen-

The fallure of the party last year to poll 3 per cent of the total vote cast for Governor resulted in its disqualification as a legal political body, and there was less interest than usual in the proceedings this year. A slight opposi-tion developed to Mr. Carey in to-day's conven-tion. Robert Lawrence, of Clinton, receiving 7 votes and Mr. Carey 57.

#### SWIFT CASE IN FEDERAL COURT.

Chicago, Aug. 28.—Rodney B. Swift, in his fight with the International Harvester Company, scored point in the Circuit Court to-day, when Judge Mack decided to free him on a writ of habeas orpus, and thus make it unnecessary for Swift to answer charges of conspiracy in the United State courts in Indiana. Swift, when arrested two months ago, fought removal to Indiana on the ground that he had committed no crime in that State and was not amenable to any of the Indiana courts. The decision of Judge Mack sustains

NEW DATE FOR PHILIPPINE BIDS. Washington, Aug. 28.—The Bureau of Insular Affairs of the War Department has received a cable dispatch from Secretary Taft at Manila, stating that it has been decided to postpone the date of opening proposals for bids for concessionary con-tracts or grants with and by the Philippine gov-ernment in aid of the construction of railroads in the Philippine Islands from November 1, 1905, until December 1, 1905.

HALF OF TOBACCO PROPERLY APPRAISED Washington, Aug. 28.-A report has been received it the Treasury Department from customs officials at New-York, which shows that the 108 bales of Havana tobacco some time ago imported at Tampa and thence shipped to New-York, where it was seized had been examined, with the result that about 50 per cent of the whole shipment was found to have been properly appraised as filler. The remaining half, it is said, should have been entered as wrapper and the higher duty paid.
